

Positive Behavioral Interventions and Supports in the Workplace

November 20, 2019 12:00pm - 4:00pm

Registration fee: \$20.00

PBIS (Positive Behavioral Interventions and Supports) in the Workplace looks at a research-supported approach to help your clients reach their full vocational potential and succeed in the workplace. In this interactive workshop, you will learn strategies that help your clients work to the best of their abilities. Whether you have a clinical background or your experience is more production or management, this training has something for you and will help you meet the demands of both your customers and your clients!

Presented by Euric V. Guerrero M.A., BCBA, NYS-LBA. Mr. Guerrero is a Board Certified Behavioral Analyst (BCBA), NYS Licensed Behavior Analyst, and a certified school psychologist. He is currently the Director of Education and Training at The COR Behavioral Group. Mr. Guerrero served as a school psychologist for many years and while doing so earned his certification in behavior analysis. This enabled him to more effectively provide services through the lens of Positive Behavioral Interventions and Supports. Mr. Guerrero has a particular interest in generating professional trainings that are tailored and behaviorally-focused for counselors and educators.
